A Phase-Driven Approach, Not a Monthly Checklist

At Grodience Media, we don't treat SEO as a "monthly to-do list." Instead, we follow a **phased SEO strategy** — where each phase builds on the last to create a strong, scalable foundation for long-term organic growth. This structured approach ensures that efforts are focused, strategic, and aligned with measurable outcomes.

Phase 1 Foundation & Audit

- Website Audit
- keyword Research
- Competitor Analysis
- Tracking Setup

02 Technical SEO & On-Page Optimization
